SUBJECT: SSC Contact

Acting on guidance from the CIA Task Force, I telephoned David Aaron of the SSC staff to relay Sidney Gottlieb's mailing address:

I advised Mr. Aaron that we would receive a sealed letter from them and arrange to have it mailed locally from [redacted]. As an alternative, I proposed that David could write directly, without letterhead and not bulky, using David's home address as a return. I told him that we could not guarantee that the [redacted] would not open the letter. He said he would let us know.
